Dear Colleagues,

Synergy Sports & Health Rehab is now accepting referrals for ultrasound-guided joint injections for the treatment of common musculoskeletal conditions.

Services include ultrasound-guided corticosteroid injections and viscosupplementation for degenerative and inflammatory joint and soft tissue pathology. Ultrasound guidance allows for accurate needle placement and targeted treatment. Please note that there is an associated ultrasound guidance fee that will be discussed with the patient at the time of consultation.

Upper Extremity Procedures

Subacromial bursa
Glenohumeral joint
1st carpometacarpal (CMC) joint
1st metacarpophalangeal (MCP) joint
Lateral elbow (common extensor tendon)
Medial elbow (common flexor tendon)

Lower Extremity Procedures

Hip joint
Greater trochanteric bursa
Knee joint
Tibiotalar (ankle) joint
1st metatarsophalangeal (MTP) joint
Plantar fascia

Referral requirement:

Please include X-ray and/or ultrasound imaging reports, where applicable, to avoid scheduling delays.

A consultation summary and procedural report will be forwarded following assessment.

Please refer to the attached requisition form for referral details and required information.

Sincerely,

Hamza Sami, MD CCFP
